From the Pastor's Desk.....

Let us hear the conclusion of the whole matter: Fear God and keep His commandments, for this is man's all. For God will bring every work into judgment, including every secret thing, whether good or evil. Ecclesiastes 12:13-14 NKJV

Hello family. This week on July 4^{th} we celebrate the birthday of American Independence.

There are those that would have you believe that the United States of America is no longer a great nation. Some of these people claim that it never was. Some of these same people are in the process of trying to destroy, stamp out of memory, and even prevent people from learning the incredible history of our nation. They do this because they intend to "reset" the nation.

You Have Got to Be Kidding Me! This is America. We don't need "reset" we need revival.

America was founded and built on Godly and Biblical principles! It seems that those who oppose God want desperately to remove Him and His standards so they can have and run a pagan nation that they are even now trying to reduce to a third world country.

I don't know about you but I'm certainly tired of hearing ridiculous statements from people who hate this country. I'm tired of us being referred to as a "woke" nation by the very people that are trying to replace the One True God with their "woke" policies. From what I've seen and heard the whole "woke" thing is just a label to put on liberalism, communism, globalism, made up racism, hatred, and just plain paganism.

Thankfully we as a nation are not defined by our politicians, rock stars, movie stars, or our professional athletes.

We are the "WE" in "We the people".

Everyday walking around, living, working, loving God and each other people. The United States of America is still a great nation and still worth fighting for.

Christians, its time to remember how much God has blessed this great nation. Its time to remember those that fought and even died to protect the freedoms that God has blessed us with.

Most importantly its time to make sure that we are loving and serving the One True God in all areas of our lives all the time, being difference makers in our communities, states, and nation as a whole.

Its time to stand up for The Lord God and His standards and to push back against the pagan policies that are being used to destroy the moral and spiritual core of this great nation, making sure that we are doing all that we do for the Lord, no matter what is happening around us.

Its time to be all in for the Lord. Seeking His will, His best for ourselves and each other.

Happy Birthday America! And May God Richly Bless You!

In Christ's love,

Pastor Dave Wolff
